

Environmental Policy Statement

Our mission is to profitably deliver the best quality products that delight our customers and allows them to grow their business through their relationship with us, because we care more.

The Senior Management Team of Total Glass Limited, acknowledge the environmental implications of its activities and will ensure that all operations are carried out in order to achieve a high standard of environmental, health and safety care.

The Directors of the Company fully recognise their commitment to fulfil its compliance to relevant environmental legislation standards and regulations and will work towards the most effective methods, and adopt a position of responsibility by committing to a policy of continuous improvement and pollution prevention. This policy will be made available internally to our staff and externally to our suppliers and contractors.

The environmental impact of any awarded contracts will be fully considered as an integral part of "new business" policy.

Total Glass operate an Environmental Management System, including the processes needed and their interactions, in accordance with the requirements of ISO 14001.

REDUCTION IN ENVIRONMENTAL IMPACTS THROUGH IMPROVEMENT VIA:

- ✓ Waste reduction of production materials
- ✓ Ensure effective segregation of all paper, plastic, card, wood etc.
- ✓ Recycling initiatives
- ✓ Purchasing policy of materials
- ✓ Energy and water usage

AIMS

- ✓ Provide guidance on environmental management
- ✓ Ensure compliance with all relevant legislation, regulations and standards
- ✓ Monitor progress on a regular basis with a view to continually improve its environmental performance
- ✓ Ensure that all staff, contractors and clients endeavour to support our Environmental Management System
- ✓ Annually review our progress and monitor our achievements against set targets and objectives

The scope of the Environmental Management System is: the manufacture of PVCu, aluminium and composite doors, windows and conservatories

F Deary
Group Managing Director
